Press Release

CHICAGO, October 23, 2021 – American Pinball Inc. (API) adds their fourth game, *Legends of Valhalla* to their growing lineup of pinball machines for arcades, homes, and collectors. American Pinball, Inc., makers of collector-quality pinball machines for the arcade and home markets including *Houdini - Master of Mystery*, *Oktoberfest - Pinball on Tap*, and *Hot Wheels*, is proud to manufacture *Legends of Valhalla* designed by Riot Pinball, LLC.

Features

Challenge 16 unique battle modes where you can test your might against Viking Legends on your quest to Ragnarok, “The End of the World.”

Overcome the Kraken who will grab the ball via a hidden magnet beneath the playfield and throw it in unpredictable directions.

Prepare for War by building your army, and board your Viking ship to begin Multiball play.

Demonstrate proper Viking values to prove that you are worthy of Valhalla.

Prove that you are skilled enough to call upon the power of the Valkyries. They can assist you in your quest to defeat your enemies who stand in the way of reaching Valhalla.

Utilize the might of Thor’s Hammer by activating it via the third flipper button. The power of Thor comes crashing down like a lightning strike, by capturing the ball via a magnet over the top lanes, giving you more control and leading to higher scores.

Models

Legends of Valhalla is available in Classic and Deluxe Editions.

The Classic Edition includes black powder-coated rails, legs, backbox hinges, lockdown bar, over 100 RGB lights, interactive Thor’s Hammer, hundreds of callouts, 22 total game modes including various Multiball modes.

The Deluxe Edition is limited to 300 units and includes enhanced features such as a mirrored backglass, topper, upgraded powder coated side rails, backbox hinges, lockdown bar and legs, shaker motor, sculpted and hand-painted figures, and anti-glare “Magic” Playfield Glass.
